3.User rights

In accordance with the relevant laws, regulations and standards of China and the common practices of other countries and regions, we guarantee that you can exercise the following rights with respect to your personal information:

You can change the authorization agreement for the software at any time in the system settings. When you withdraw your consent, we will no longer process the corresponding personal information. However, your decision to withdraw your consent will not affect the previous personal information processing based on your authorization.

You can go to "About us"- "Privacy Policy" in the application to view the full contents of this privacy policy.

4.Use and disclosure of information

(1) Sharing

We respect and protect your privacy, and promise not to disclose the user's upload information to any third-party organization or individual except for the following situations:

- provide user information as required by law, government departments or judicial organs.
- Sharing with authorized partners: Some of our services will be provided by authorized partners only for the purpose stated in this privacy policy. We may share some of your personal

information with partners to provide better customer service and user experience. For example, the company we hired to provide third-party data statistics and analysis services may need to collect and access personal data for data statistics and analysis. In this case, these companies must comply with our data privacy and security requirements. We will only share your personal information for legitimate, legitimate, necessary, specific and explicit purposes, and only share the personal information necessary for providing services.

- We will carefully evaluate the purpose of the third party's use of shared information, comprehensively evaluate the security capability of these partners, and require them to abide by the cooperation legal agreement. We will strictly monitor the security of the software tool development kit (SDK) and application program interface (API) that the partners get information to protect the data security.

Information about the third-party SDK such as the partners we access is as follows:

1)Google Translation SDK

Company: Google

SDK type: voice translation

Access: Local translation

Get information fields: device information, application information, device or other identifier, IP address, performance error code indicator, API configuration, event type.

Official website link: <https://developers.google.cn/terms/API-services-user-data-policy>

2)PaddleOcr SDK

Company: Baidu

SDK type: picture to text

Purpose of access: local picture to text

(2) Transfer

We will not transfer your personal information to any company, organization or individual, except for the following situations:

- Transfer with explicit consent: after obtaining your explicit consent, we will transfer your personal information to other parties;
- In case of merger, acquisition or bankruptcy liquidation, if personal information transfer is involved, we will ask the new company and organization that holds your personal information to continue to be bound by this privacy policy, otherwise we will ask the company and organization to ask for authorization from you again.

(3) Public disclosure

We will only publicly disclose your personal information under the following circumstances:

- After obtaining your explicit consent;
- Disclosure based on law: We may publicly disclose your personal information under the circumstances of laws, legal procedures, litigation or mandatory requirements of government authorities.

5.Storage of personal information

The information and data about you collected by this application will be stored on the server of this application and/or its affiliated companies, which may be transmitted to the country or region where you are located or where the information and data collected by this application are located and accessed, stored and displayed abroad.

6.Data Security

We use a variety of industry-standard encryption technologies (such as SSL and TLS) to protect your data during transmission, storage and sharing. When your data is stored in our server, we will ensure the security of the data on our server through policies, physics, logic and other ways.

7. How do we use Cookie and similar technologies?

To ensure the normal operation of the website, we will store a small data file named Cookie on your computer or mobile device. Cookie usually contain identifiers, site names, and some numbers and characters. With Cookie, websites can store your preference data. We will not use Cookie for any purpose other than those stated in this policy. You can manage or delete Cookie according to your own preferences.

8.Change of privacy policy

We can make appropriate adjustments to the scope of information collection and information use according to the changes of business development and laws and policies.

If the Privacy Policy is changed for any reason, we will issue an announcement asking you to decide whether to continue using our products and services. If you disagree with the revised Privacy Policy, please stop using our products and services immediately.

9.Implementation of Privacy Policy

We will regularly check the implementation of the Privacy Policy. If you have any questions or suggestions about our Privacy Policy, please contact us at Gorgeous_Lily@outlook.com
